Ethics Statement

PowerPlus Energy is a manufacturer of lithium energy storage systems, based in Melbourne, Australia. Established in 2017, our aim has always been to achieve high quality of engineering, design and. manufacturing.

Building excellent relationships with our staff and suppliers is fundamental to our value-system. We believe all people have the right to a safe and fair workplace, and strive to support businesses who hold these high standards.

Conflict minerals

We have agreements in place with each of our suppliers for high quality and ethical sourcing practices. Where available, we maintain records of supplier ethics documentation.

Modern slavery

PowerPlus Energy opposes all forms of slavery and forced labour. We take care when choosing suppliers to not knowingly support business that hold such practices. We visit our suppliers on an annual basis for detailed factory inspections.
